

## Online Seed Potato Crop Register

- Searchable register where potato crops are listed by classes, sub-divided by variety and geographic location
- Within each subdivision the producer's name and crop number are shown, together with the area classified in hectares
- The search can be narrowed down: a variety or attained class can be chosen
- For more filtering the Advanced Search Options can be chosen
- More information is available by clicking the variety or producer name

## Seed Potato Variety Statistics

- Variety statistics for potato seed crops can be displayed for the current or previous seasons
- The search can be narrowed down by attained class

## Producer Register

- A list of the names and contact details of the producers whose crops are included in the Register for the current marketing season
- The search box can be used to narrow down the list
- Quick links to producer's crops
- Quick links to producer's website and e-mail address where given
